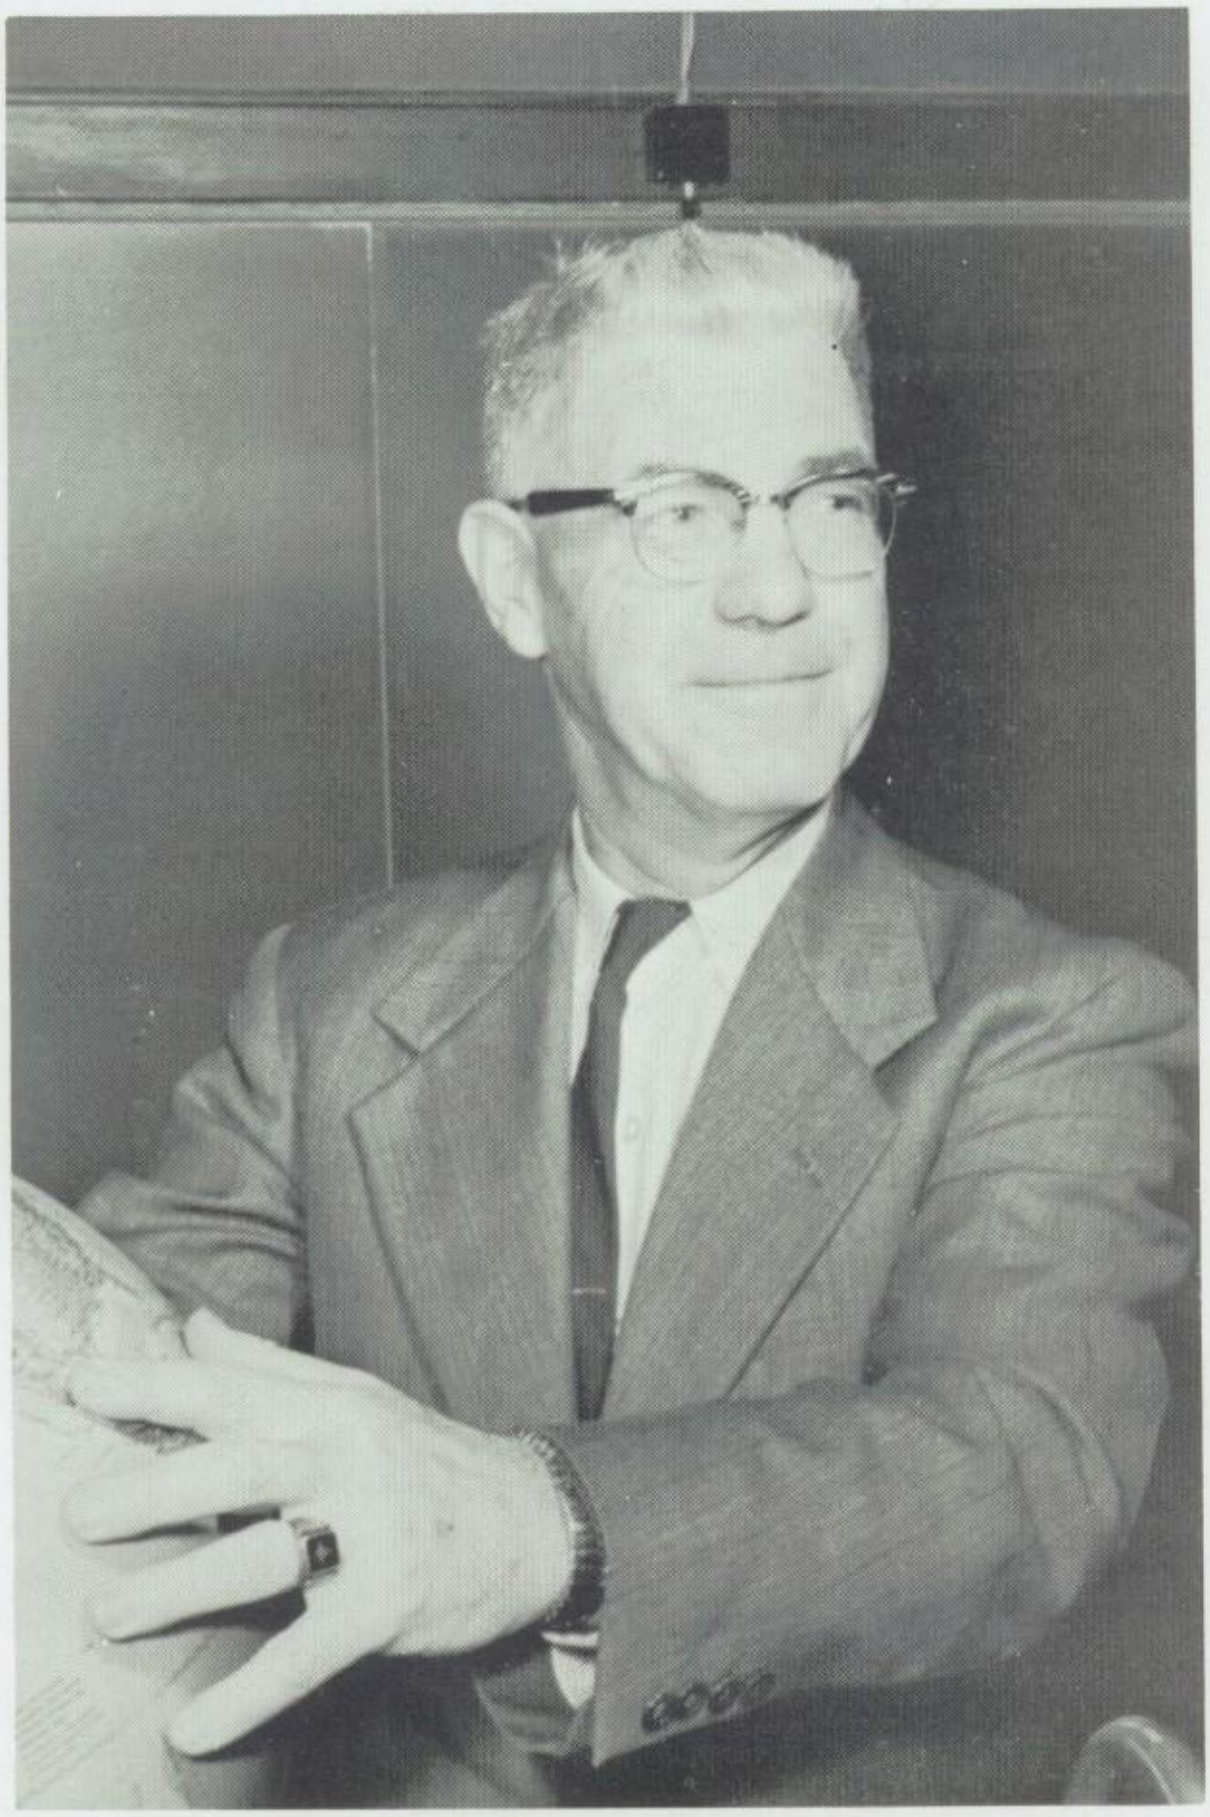
The Editors

Dedication



To Mr. Arthur F. Mehaffey, we the Senior Class of 1960 dedicate this yearbook. Fifteen of his twenty-one years in the teaching profession have been spent with us at Old Fort. Previous to coming to Old Fort he had served as Head Coach at the Junior Home and Kenton High School.

At present he teaches World Geography and Seventh Grade Geography, Biology, Problems of Democracy, and Drivers Education. He also has driven school bus for many years and has served as scorekeeper at all basketball games. He is prominent in local Boys Scout activities. Mr. Mehaffey graduated from Heidelberg College.

We hope this dedication will express in a small way our appreciation for Mr. Mehaffey's interest in Old Fort School and the fine service he has rendered.

Board of Education

SEATED: Paul Gillmor, Vice President; Ward Wosenberger, President; Mervin Ransom, Clerk-Treasurer.
STANDING: Ernest Hiestand, James Fry, Rondo Berlekamp, John Buskirk.

On the first Monday evening of every month the members of the Old Fort Board of Education meet in Mr. Hiestand's private office and rest their elbows on a table bought by the Board of Education. At these meetings the fate of the school and its students is decided.

One of the subjects discussed at these meetings is the expansion of the school buildings. This year many meetings are concerned with this subject because a new addition to the elementary building is planned.

The first addition to the school was started in 1937. This added seven classrooms and a new gymnasium and auditorium. In 1939 the garage was constructed.

The second addition in 1948 added a special music department and expanded the shop. A new elementary building was added in 1956.

The board has done much to make our school one of the best in the county by seeing that we have the best in equipment and teachers. We appreciate the opportunities the board has made for us.

Superintendent

Mr. Ernest Hiestand: B.A. Indiana University, M.A. Wisconsin State University, Ohio State University, Superintendent, has capably guided Old Fort School since 1944. During his administration the Old building has been enlarged and a new elementary building has been constructed. Just as important as these expansions are the additions in the curriculum which have been acquired in the last few years.

Principal

Mrs. Helen Newman: B.S. Bowling Green State University, Ohio State University, Heidelberg College, principal, teacher of commercial subjects and girls' physical education, has been at Old Fort for 30 years and served as principal for 16 years. Besides teaching she is also advisor to both the Junior and Senior classes, Student Council, Newspaper Staff, Annual Staff, Cheerleaders, Honor Society, and "Quiz Kids."

Guidance Director

Mr. J. Lehr Swihart: B.A., M.A. Ohio State University, teacher of mathematics, has also been with us for several years. Mr. Swihart is the vocational guidance counselor of the high school and advisor of seventh grade. He has been very prominent in Boy Scout activities.

Class History

As seniors we can look back over 12 years of fun and study. It has been a long hard climb but the many fond memories and the great gain of knowledge has made it well worth while.

On September 6, 1948, 33 young children climbed the steps of the school bus and were on their way to their first day at Old Fort School.

Twelve years later 21 of the original 33 students remain to graduate. Of these 21, 16 will complete all 12 of their years at Old Fort. They are; Donna Diment, Janet Gabel, Judy Hade, Joyce Haubert, Patricia La Fountaine, Patricia Magers, Connie Morton, Karen Riedel, Eileen Roberts, Ann Swope, Harold Gillmor, Robert Haugh, Donnie Heilman, Arthur Mehaffey, Myron Schiffer, Robert Suffecool.

During the course of our first year, Karen Haack, Glenn Heestand, Robert Mowery, and James Zeis left us to attend various nearby schools. They all returned and remained to graduate with us. Mrs. Mosier and Mrs. Rhoad taught us to read and print.

In the second grade Mrs. Witter and Harriet Biddle Murray taught us to write. Linda Baker left us only to return later and Richard Suffecool joined us that year.

Christine Day Biddle taught us how to multiply in the third grade. Glenn Heestand returned and Joe Stover joined our ranks.

Under the expert guidance of Lois Berlekamp Murray we reviewed things we had learned earlier and delved deeper into about everything.

In the fifth grade Mr. Bare stressed the idea of sportsmanlike conduct during our baseball and basketball games. Sharon Martin joined us that year.

Mrs. Cloutier taught our sixth grade. That year we were victorious in the seed contest.

We won the magazine contest in the seventh, eighth, and ninth grades. Mr. Mehaffey accompanied us on our trip to the Toledo Zoo in the seventh grade and our trip to the museum in Upper Sandusky in the eighth grade. He was also our class advisor both years. Mr. Swihart, our ninth grade advisor, took us on another trip to the Toledo Zoo.

Karen Haack, James Wickert, and James Zeis joined us in the seventh grade and Larry Molyett joined us in the eighth.

As freshmen, we were formally initiated into Old Fort High School by the Student Council. Several new students entered our class from Clinton. Of these remaining to graduate are; Linda Baker, William Biller, Richard Chaffee, Rufus Chaney, and Robert Mowery. This year we began to participate in high school activities.

Mr. Chaney was our Sophomore class advisor. Louise Oliver joined us this year.

Our Junior year was very exciting for we certainly had plenty to do. We received our class rings and presented our Junior class play, "The Importance of Being Ernest." Karen Riedel assisted Mr. Chaney in directing the play. We also ushered the seniors into Baccalaureate and Commencement. Mr. Austermiller and Mrs. Newman were our class advisors.

Class Prophecy

Sitting in study hall with nothing to do
I look out the window and stare at the blue.
In think of the future and what it will bring
For all of us seniors after this Spring.

Sleepier and sleepier I do become
Until I am dreaming of the years to come.
Out through the window and off through the sky
On my carpet of "dreams and hopes" I fly.

Over the treetops and chimneys I ride
When suddenly the carpet ceases to glide.
It comes to a halt beside a big barn
Which is property of the Mowery, Heilman, and Gillmor farm.

Bob, Don, and Bud rush up to greet me
And ask if two other old classmates I'd like to see.
They turn out to be none other than Larry and Lee
Who are working on technical research for farm and industry.

Since my carpet is in need of repair
They tell me to call Myron, a mechanic near there.
He hurries right out and fixes it without delay
So once more my carpet and I are on our way.

While flying along with the greatest of ease
I soon meet a plane - - Why, the stewardess is Louise.
And there at the controls, I see as I pass,
Joe Stover, a famed pilot and former member of my class.

I am passing over a city when it starts to pour
And my carpet and I must land once more.
I happened to crash in the top of a tree
And the chief of police comes to rescue me.

It's Dick Chaffee I cried - - what are you doing here?
I haven't seen you in many a year!
He calls an ambulance for me right away
And it arrives on the scene without delay.

I am rushed to the hospital with the greatest speed
When I notice the driver is Dick Suffecool, indeed.
While at the hospital I soon discover
That with head nurse, Connie Morton, I'll quickly recover.

But with Ann Swope as her aid, they find
That my injury is not physical, but all in my mind.
So they call on Karen Riedel, a psychologist there
And they say that I'll be handled with the best of care.

My case is a slight one, so I soon become well
And am told to visit the school for a spell.

I go to the office of the principal there,
Why it's Sharon Martin, I do declare!

We talk for a while and I soon realize
That the teachers are old classmates, much to my surprise.
Sharon shows me around so my friends I can see
And I find Bill Biller teaching American History.

Glenn Heestand holds class across the hall
His mathematics department is rated best of them all.
We walk down the corridor and go into a room
Where Karen Haack, the music teacher, is giving lessons on the bassoon.

We proceed on our tour to the second floor
Where we see Eileen teaching home arts by the score.
Sharon says that if I have time to stay
I could see Pat Magers directing a school play.

From the high school to the elementary grades we proceed
To see Donna Diment my old classmate - - Indeed.
Janet Gabel, the school secretary, interrupts our conversation
To tell Sharon of a meeting of the parent-teachers' delegation.

Sharon says that to the meeting she must go
And invites me to attend for a few minutes or so.
We are seated and waiting for the meeting to begin
When Jim Wickert, the president, comes walking in.

He is followed by the secretary, Judy Hade
And Linda, the treasurer, with all the money the club has made.
The speakers, two social workers of the town,
Are Bob Haugh and Caryl Chambers, individuals of renown.

As the meeting goes on, I creep out the door
And board my carpet and I'm off once more.
I am whizzing along and what do I see
But a rocket research plant right below me.

Drawing up the plans for the rockets to be made
Was my classmate Galen Overmyer, draftsman, by trade.
I tour the plant and who else do I see
But Jim Zeis, an engineer, busy as can be!

Aiding Jim is Art Mehaffey who is testing out the plane,
(And I noticed that they called it the "Stockader" by name).
The expert pilot who will take it into space
Bob Suffecool, the first airman in the place.

I leave them with their rockets and go on my way
And continue to travel the rest of the day.
I am sailing along when someone I see - -
Why it is Pat and Dick and their family.

I go down to meet them and they are all fine
And discover that Pat is a beautician in her spare time.

I, Karen Riedel, give my ability to get to class late to Marigene Steinberger who already has a good start.

CLASS HISTORY (continued)

In our Senior year Caryl Chambers and Galen Overmyer joined our class and Harold Traunero left us. We were busy publishing an annual and preparing our Senior class play. We had our pictures taken this year.

Then down the aisles of the auditorium and on to the stage to receive our diplomas. From here, we will depart, some of us to continue our education in college, others to find jobs, and some will join the armed services. We have many pleasant memories of our school days, some which will never be forgotten.

CLASS PROPHECY (continued)

Across the street are their neighbors who turn out to be,
Joyce and Dale, whom I am very much pleased to see.

I chat for a while but soon must depart
For once again on my journey I start.
I am gliding along through the stars and the sky
On my carpet of "dreams and hopes" I fly.

All of a sudden in the distance I can hear
The sound of a bell that is familiar to my ear.
I awaken from sleep, find myself in study hall
And realize that I have been dreaming this all.
